AC-90 BIO MULTI-OIL

High performance biodegradable multifunctional oil for lubrication, release, corrosion protection, water displacement, cleaning and much more. AC-90 BIO is a readily biodegradable formula (according OECD 301B >60%). Bio-based carbon content (based on ASTM-D6866-22): 63%

AC-90 Displaces Moisture: AC-90 contains active ingredients which rapidly displace moisture and eliminate damp induced faults on ignition circuits.

AC-90 Lubricates: AC-90 keeps moving parts working smoothly and efficiently, eliminating stick-slip and improving operational efficiency. Does not contain silicone.

AC-90 Penetrates & Releases: AC-90 rapidly penetrates and releases seized, corroded and over-tightened fasteners, leaving a fine lubricating film for ease of reassembly and future protection.

AC-90 Protects Against Rust: AC-90 provides excellent corrosion protection of metal parts and components, repelling atmospheric moisture and inhibiting flash-rusting.

KEY FEATURES

- High lubricating capacity
- Good penetration
- Pronounced general corrosion protection
- Ability to displace and seal out water and moisture
- Safe on all metal surfaces, does not stain
- Safe on most rubbers, plastics and coatings
- Multi-functional and easy-to-use
- Part of the "Green Force®" biodegradable+ formula family of products
- 2-in-1 spray system (TwinSpray)
- Convenient 360° (including inverted position) spray valve for aerosols
- Does not contain silicone

IN THE RIGHT HANDS, IT'S A POWER TOOL!

APPLICATION AREAS

- Lubricates moving parts such as levers, slide-ways, hinges, cogs, and chains
- Loosens metal parts seized by dirt, corrosion or dried-up grease
- Stops squeaking noises
- Protects metals and alloys (temporary conservation during storage)
- Maintenance industrial machinery

DIRECTIONS FOR USE

- Test on sensitive or stressed materials before use
- Apply a thin even film
- Use extension tube for more precise application
- Allow a few minutes for good penetration
- Repeat if necessary
- Do not use on energized equipment

VOC:	9%
APPEARANCE:	Amber, clear liquid
ODOUR:	Characteristic
DENSITY:	0.872 g/cm ³
FLASH POINT:	107°C (closed cup)
AUTO IGNITION TEMPERATURE:	> 200°C

(All values apply to product without aerosol propellant)

HEALTH AND SAFETY

A separate Safety Data Sheet (SDS) is available from: actioncan.com/product/ac-90-bio/ or from info.uk@crcind.com

STORAGE & SHELF LIFE

The product may be stored at normal ambient temperatures and has a shelf life of not less than 6 years with correct storage. Aerosols should always be stored below 50°C, away from direct heat and naked flame.

MISREPRESENTATION ACT 1967 & TRADE DESCRIPTIONS ACT 1968

The information given in this publication is based on our experience and reports from customers. There are many factors outside our control and knowledge which affect the use and performance of our products and for which reason no warranty is given, express or implied. Users should make their own tests to determine the applicability of such information or the suitability of any products for their own particular purposes. Statements concerning the use of the products described herein are not to be construed as recommending the infringement of any patent and no liability for infringement arising out of any such use is to be assumed.

TECHNICAL SERVICE

CRC Industries UK Ltd provides a technical support service and maintains a constant programme of research and development. Should you have a technically complex enquiry, please email us for specialist/laboratory support.
